## Private Duty Nursing Services and Private Duty Nursing for Persons Ventilator-Dependent for Life Support Under BadgerCare Plus

BadgerCare Plus, the new state-sponsored health care program, will be implemented in February 2008. Private duty nursing services and private duty nursing for persons ventilator-dependent for life support **will be covered** under the BadgerCare Plus Standard Plan. Private duty nursing services and private duty nursing for persons ventilator-dependent for life support **will not be covered** for BadgerCare Plus members enrolled in the Benchmark Plan.

### BadgerCare Plus Overview

In January 2007, Governor Jim Doyle included in his 2007-09 Biennial Budget proposal an innovative state-sponsored health care program to expand coverage to Wisconsin residents and ensure that all children in Wisconsin have access to affordable health care. This new program is called BadgerCare Plus, and it will start on February 1, 2008.

BadgerCare Plus merges family Medicaid, BadgerCare, and Healthy Start into a single program. BadgerCare Plus will expand enrollment to:

- All uninsured children.
- More pregnant women.
- More parents and caretaker relatives.
- Parents with children in foster care who are working to reunify their families.
- Young adults exiting out-of-home care, such as foster care, because they have turned 18 years of age.
- Certain farmers and other self-employed parents and caretaker relatives.

All individuals enrolled in BadgerCare Plus and Wisconsin Medicaid will be referred to as “members.”

BadgerCare Plus is comprised of two benefit plans, the Standard Plan and the Benchmark Plan. The services covered under the BadgerCare Plus Standard Plan are the same as the current Wisconsin Medicaid program; therefore, the term “Standard Plan” will be used in all future *Updates* to describe the shared policy and billing information. The BadgerCare Plus Benchmark Plan is a more limited plan, modeled after commercial insurance.

New services covered under BadgerCare Plus and Wisconsin Medicaid include over-the-counter tobacco cessation products for all members and mental health and substance abuse screening, preventive mental health counseling, and substance abuse intervention services for pregnant women at risk of mental health or substance abuse problems. Future *Updates* will describe these new benefits in detail.

Refer to the November 2007 *Update* (2007-79), titled “Introduction to BadgerCare Plus — Wisconsin’s New Health Care Program,” for general information on covered and noncovered services, copayments, and enrollment.

## **Private Duty Nursing Services and Private Duty Nursing for Persons Ventilator-Dependent for Life Support Under BadgerCare Plus**

### ***Standard Plan***

Policy and procedures for private duty nursing services are the same under the Standard Plan as they are under the current Wisconsin Medicaid program.

### ***Benchmark Plan***

Private duty nursing services **are not covered** under the Benchmark Plan.

Benchmark Plan members may request noncovered services from the provider. Providers may collect reimbursement for noncovered services from the member if the member accepts responsibility for payment and makes payment arrangements with the provider. Providers are strongly encouraged to obtain a written statement in advance documenting that the member has accepted responsibility for payment of the service.

A future *Update* will address policies and procedures for billing BadgerCare Plus Members for noncovered services.

## **Information Regarding BadgerCare Plus HMOs**

BadgerCare Plus HMOs are required to provide at least the same benefits as those provided under fee-for-service arrangements. For managed care policy, contact the appropriate managed care organization.
